

Let Us Entertain You

- Multi-purpose amplifier
- Can be used alone or with other amplification
- Compact design, simple controls

MPA-201

The MPA-201 is a compact, high-quality amplifier for multiple purposes. The MPA-201 features 2 x 100 Watts (4 Ohms) amplification, or 1 x 200 Watts (8 Ohms) bridged. It is supplied with line-in/line-out connections to enable daisy-chaining of multiple MPA-201s. The amplifier can be set to operate full range (20-20,000Hz), or set in an adjustable low-pass mode for powering passive subwoofers. The volume control is conveniently located on the front; the remaining controls are all placed on the back panel of the amplifier.

The MPA-201 offers a variety of high-end features such as signal sensing, which provides automatic on/off capability. Also provides protection circuitry which prevents shorts and overheating. The MPA-201 is a small but capable amplifier that's an excellent choice for 2-channel stereo or other uses.

Specifications

System Type	Amplifier
Weight (kg/lb)	5.2 x 11.5
Product dimensions (mm/in, HxWxD)	140 x 145 x 324/5.5 x 5.8 x 12.8
Finishes	Black
Outputs	2 x 100W (4 Ohm) 1 x 200W (8 Ohm)
